

# OFFICIAL CERTIFICATION

This document affirms

**SEAMLESS EXTERIOR**

**CEDAR FALLS, IA**

as an LP<sup>®</sup> Building Solutions Certified Installer

A handwritten signature in black ink, reading "Craig M. Sichling", is written over a horizontal line.

*Craig Sichling*  
VP, Specialty Sales & Marketing

## EXCLUSIVE EXTENDED PRODUCT WARRANTY

As a homeowner, the people and products you choose to build your home are more important than ever before. That's why at LP® we strive to bring you quality products to protect you and your home.

## TRUSTED LP CERTIFIED INSTALLERS

Backed by the values that go into every LP product, our Certified Installers maintain high standards to provide you with the following:

- ✓ **Knowledge of LP products through LP training**
- ✓ **Expert application instruction**
- ✓ **Industry-leading warranties**

## INDUSTRY-LEADING WARRANTY

For that reason, the siding products you selected are protected under an exclusive extended warranty. If there are any product defects, this extended warranty covers 100% of labor and product costs for up to five additional years. Consistent with the durability of other LP products, the warranty covers three main areas of potential damage so you can have peace of mind.

### FUNGAL DECAY & TERMITES

Treated with waxes, resins and zinc borate to help resist fungal decay and termite damage.

### HAIL COVERAGE

Resists impact damage.

### FREEZE & THAW CYCLE

Resists buckling, cracking, peeling, chipping and more.

### FILE A CLAIM

We understand life happens. If you need to file a claim, contact LP within 30 days of discovering a possible issue with your product and before beginning any permanent repair.

### For further information, contact:

Customer Service: 888-820-0325, M-F 9:00am to 6:00pm EST

## DEAR HOMEOWNER,

On behalf of the leadership at LP®, we want to thank you for choosing our quality products and certified contractors to build your home.

### Strong Team

LP Certified Installers are backed by extensive product training and years of experience. You can rest easier knowing you have chosen some of the most qualified installers in the field to help protect your home and the people in it.

### Strong Products

Quality matters. LP Building Solutions is proud to offer siding products that will withstand hail coverage, damage from freeze/thaw cycles, high humidity, fungal decay and more.

### Strong Warranty

Supported by a strong team and strong products, there's only one thing left to offer — an exclusive extended warranty. Because you have chosen to work with an LP Certified Installer, you will enjoy up to five additional years on top of our already industry-leading warranty.

We appreciate being able to put our products to work for you.

**Congratulations and thank you, again, for selecting LP products for your home.**

Best wishes,

A handwritten signature in black ink that reads "Craig M. Sichling". The signature is written in a cursive, flowing style.

Craig Sichling  
VP, Specialty Sales & Marketing

# CONGRATULATIONS!

Thank you for your recent purchase of industry-leading products from LP® Building Solutions. You can feel confident that you've made a wise decision buying from a company with a history of high-quality products and strong warranty protection.

# QUALITY WORKMANSHIP

Your siding was installed by an LP Certified Installer, a contractor who has been carefully selected and trained. Because of their unique training, you can rest easy with an exclusive extended warranty to protect your home and the ones you care about.

LP<sup>®</sup> Certified Installer —

**EXCLUSIVE EXTENDED**

**PRODUCT WARRANTY**

# EXTENDED WARRANTY

Whether you're buying new or renovating your dream home, a warranty is an important way to protect what matters most — your home and the people in it. You can have peace of mind knowing your home's exterior is protected by an exclusive extended warranty reserved only for LP Certified Installers that covers three main areas of potential damage — fungal decay and termites, hail, and substrate. For more information about our industry-leading warranty, visit [www.lpcorp.com/resources](http://www.lpcorp.com/resources).

## THE EXCLUSIVE HOMEOWNER EXPERIENCE

When you side with an LP<sup>®</sup> Certified Installer and top-of-the-line products, you receive:

-  Professional installers with appropriate installation knowledge
-  Industry-leading warranty with up to 5 years of additional coverage
-  Peace of mind in your home

## PROTECTS MORE

The LP Trim & Siding Prorated Limited Warranty covers three main areas of potential damage including fungal decay and termites, hail damage, and substrate using the durability of engineered wood.

## THE LP CERTIFIED INSTALLER PROMISE

Whether you're building new or remodeling, you can trust us to bring your vision to life and keep your home looking timeless to elevate the beauty and value of your home for years to come.

The LP Certified Installer program is invitation only, with members being hand selected by our team of industry experts. Nominations are carefully approved based on contractors' experience and expertise installing LP Siding & Trim products. With a focus on connecting homeowners with high quality, top-of-the-line professionals, our Certified Installer network can assist you in bringing the vision for your home to life with a product to protect what you value most.

## ZINC BORATE

This naturally-derived additive helps engineered wood resist damage from termites and fungal decay.

## RESINS

Industrial-grade binders and resins provide incredible strength to resist impact damage from everyday airborne debris such as hail, sticks and golf balls.

## WAXES

Designed to resist moisture, waxes coat each strand to offer enhanced durability in rainy, humid environments.

## OVERLAY

This final element of protection resists moisture intrusion, providing a durable base for a finished look.
